THE EMPLOYEE SHOULD:

1. Notify your employer immediately to get the name of an approved physician. Workers' comp insurance may not pay the medical bills if you don't report your injury promptly to your employer.
2. Notify the doctor and medical staff that you were injured on the job so that bills may be properly filed.
3. If you have any problems with your claim or suffer excessive delays in treatment, contact the State of Florida's Division of Workers' Compensation at 1-800-342-1741.
